LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

7P.

NEWCASTLE-ON-TYNE, No 108926

Port NEWCASTLE UPON TYNE.

22nd October, 1951.

This is to Certify that

R.R. BOLTON

the undersigned Surveyor to this Society did at the request of

The Anglo-Saxon Petroleum Co. Limited of London, attend on board the Steam Tanker "REBECA" of Willemstad, whilst lying afloat at Smith's Dock Co. Ltd., North Shields, on the 17th and 18th October, 1951, for the purpose of examining under a hydraulic test the piping system of the propane carrying installation, which has now been fitted.

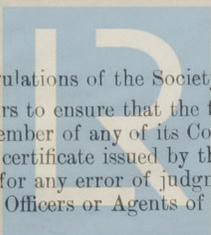

The complete piping system with the outlets from the relief valves blanked off and including the connections of the mountings to the ten propane carrying vessels was examined under a hydraulic test of 463 lbs. per square inch, and as far as could be seen, found to be sound and tight.

Subsequently, the pressure on the system was reduced to 265 lbs. per square inch, and the pressure maintained overnight, and the system re-examined and, as far as could be seen, found to remain sound and tight.

Fee: -£10.10.0.

SURVEYOR TO LLOYD'S REGISTER.

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed and to be understood that neither the Society nor any Member of any of its Committees is, under any circumstances, to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Members or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
