Vessel's Name: s.s. "ASSIMINA K"

"Regarding the "ASSIMINA K", when this ship came in here the tanks were numbered from 1 - 7, but when she was converted Nos. 3 & 4 were made common thus reducing the tanks by one.

When reporting this case, I thought I would keep to the old numbering in order to avoid confusion in the London Office, but the Owners are quite right in saying Nos. 3 & 6 are oil fuel ON THE NEW NUMBERING.

Of course I can see now I should have mentioned this on the report, and that would have made it clear."
