Dear Sir,

"CITY OF DIEPPE"

We have been asked to prepare a tender for the lengthening of the forward end of the above ship to the extent indicated on outline plan enclosed. We should be glad to learn if you would, in the event of this alteration being carried through, be agreeable to accept existing equipment. Would you also indicate to us whether the main scantlings of the ship as already fitted would be in order without additional compensation being introduced. Displacement assuming the same draft would be some 40 tons greater than the existing displacement.

As our tender must be submitted very shortly we should appreciate your very early advice on this subject.

Yours faithfully,

for BARCLAY, CURLE & CO., LTD.

(sgd) H. SCULLEY.

Secretary.
