LONDON E.C.3.

Dear Sir,

"CITY OF DIEPPE" 1929.

We have been requested by the Owners to quote a price for modifying the form of the forward end of the above vessel which was built under your survey in 1929 by William Gray and Company, Hartlepool.

We enclose Part Profile Plan showing the new length of ship and we would be obliged if you could fill in the scantlings asked for and return the plan to us as soon as possible as the Owners have asked us to let them have our prices for making this alteration at the earliest possible date.

We have been supplied with several structural Plans but the Owners have no records of the Panting arrangements or the second deck plating and beams, and any information you can let us have in this vicinity will be appreciated.

Please inform us if you consider that the equipment of the vessel will be suitable for the modified vessel.

Yours faithfully,

FOR AND ON BEHALF OF
CAMMELL LAIRD & CO. LIMITED.

MANAGER.
