ENCLOSURE

13th March, 1934.

Dear Sirs,

I have to acquaint you that a letter has been received from Messrs. William Gray & Co. Ltd. (addressed to Mr. Dippie) enclosing a sketch showing a proposal to lengthen the s.s. "CITY OF DIEPPE" by 16'6" on the load water line by fitting a bow of "Maier" form, and with regard thereto I have to inform you that no additional stiffening to the hull will be required if the vessel be altered at the forward end as shown on the plan, but that the equipment should be increased by one 15 fathom length of cable.

If the alterations are to be proceeded with, detailed plans should be submitted for consideration.

One copy of the plan is returned herewith, the duplicate being retained for record.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

MIDDLESBROUGH.
