Garston Dock

Date of last examn. in Drydock

N.B.—Any alterations in existing particulars in the Register Book should be reported and underlined.

Last Report No. 159399

Port

Particulars of Classification (which must be inserted precisely as in Register Book and Supplement)

Surveys must be reported in the terms of the Rules. The nature and extent of Examinations and Repairs (if any) must be stated in detail, the parts examined and their condition being clearly indicated. For Annual, Special or other Condition Surveys the Summary of Examination and Condition on the back of the Report is to be carefully completed and amplified if necessary in the body of the Report. Outstanding items to complete the Survey should be summarised at the end of the Report. The reasons for Repairs must be stated. Repairs on account of Damage (the alleged cause of which must be stated) should be separated from Repairs due to other causes, and, besides being detailed in the body of the Report, should be summarised in the form below. When, at a Special Survey, the Shell and Deck Plating is drilled the results must be reported on Report 8(Dr). Whenever Anchors or Chain Cables are replaced or retested the necessary particulars are to be given on Report 8(Eq) which is to be attached to this Report.

SHIP'S CLASS		Machinery	
Date of Special and of Drydocking Surveys, etc.			
* 100 A1	11,60	* LMC	7,58
SS Dr	1,49 7,58	BS M	5,61
		TS	11,60 N
		s.p.s.	5,61
			ND

Give dates and references to any letters relating to this Report

In damage cases where the Surveyor has not made a special damage report he should state whether he offered his services for this purpose and to whom and why they were declined

Freeboard as marked on ship and now verified ft ins

Was a damage report made by anyone else? If so, by whom?

EXAMINATION AND REPAIRS AS PER RULE FOR Completion of General Examination for postponement of Special Survey (see Liverpool Report No. 159399).

and Tear Repairs :- 17 wood hatch cover renewed, 15 end bands fitted, hatch coaming starbd. side led, hatch beams faired, lifeline sockets renewed, 1 sidelight glass renewed, pumping arrangements and steering tested and proved satisfactory.

submitted the Owners' request to postpone the Special Survey until January, 1963, merits the favourable consideration of the Committee.

ed and Faired or Repaired								
or Repaired in place								

Survey also been held on machinery of the Ship? Yes

Is Classification Certificate required? If so, to be sent to No

Report sent now, or when will it be sent? Now

Has Interim Certificate been issued? Yes

AL OBSERVATIONS, OPINION AND RECOMMENDATION AS TO CLASS

State clearly what alteration, if any, is suggested to be made in the existing Classification or Survey or other records of the Ship in the Register Book consequent upon this survey; for example:— "to remain as Classed in the Register Book without fresh record of Docking"; "to remain as Classed and to have record of drydocking 1,55"; or "to remain as Classed and to have record of drydocking 1,5, and the notation of S.S. . . . 1,55".

Ship, so far as now surveyed, is eligible in my opinion to remain as classed without record of D.S.

A. Jameson
Surveyor to Lloyd's Register of Shipping
A. Jameson.
