LIVERPOOL

m.s. "DENBIGH COAST" CLASSED

479

58431

According to information received
at office, this ship was sunk
in collision in River Mersey. On
15th it was reported that salvage
operations were progressing. As
no further has been reported,
I enquire and kindly let me know
if she has been raised or
lost as a total loss.

23rd August, 1960.

This vessel has been moved clear of
the Channel in which it was sunk,
but apparently the Mersey Docks &
Harbour Board do not intend to
carry out any further salvage
operations. This information should
be confirmed in a few days time,
after which I will write to you
again.
