Enclosure

71, Fenchurch Street, E.C.3.

19th January, 1951.

Dear Sirs,

lassn.

I enclose the deferred reports on the Steamer "ISLE OF SARK" and have to acquaint you that I am in receipt of a communication from the Southampton Surveyors intimating that the vessel is proceeding to the Humber Graving Dock & Engineering Co., Immingham Dock, for annual refit and completion of Classification Survey.

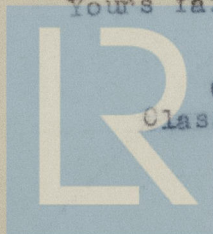

I think it well to point out that the classification of the hull has been completed but that the machinery classification is incomplete.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

GRIMSBY.
