

Lloyd's Register of Shipping.

"Broströmia," Packhusplatsen 6,

Gothenburg, 9th January, 1934.

ENCLOSURE.

reference
S.

The Secretary,

LONDON.

Dear Sir,

We have been informed by the Builders that the figures supplied to this office of the water ballast capacities for the M.S. "WASHINGTON EXPRESS" are not quite correct. Revised figures have now been furnished and are enclosed herewith on a slip which can be attached to Gothenburg First Entry report No.9514.

The entries in the Register Book will require to be amended accordingly.

I am, Dear Sir,

Yours faithfully,

S. Townshend

amended accordingly.

The entire in the register book will require to be

revised to conform with the provisions of the Act.

As the provisions of the Act are not yet in force and

it is not possible to issue a new edition of the

register book until the provisions of the Act are in force

it is suggested that the present edition should be
