According to information received this office, this ship stranded miles N. of Chittagong on 31st October, 1960. Prior to this stranding, press report had stated that she would be delivered to shipbreakers in Japan during November, 1960. In the circumstances, please enquire and kindly let me know whether salvage operations have been commenced, and also whether after refloating, she will be broken up in India or will proceed to Japan for breaking up.
