

Copy for 4 Dept

170/60

8th February,

61.

CHITTAGONG"

S.S. "CLAN ALPINE" CIASSED

7103

57124

shall be glad to receive a reply memorandum of 4th January forwarded by the Calcutta surveyors. As the ship has been aground since October, 1960, it is desired to put the case to The Committee to give a casualty notation.

16th February, 1961.

Copy of our reply dated 13th January, 1961.

The above name ship stranded 10 miles North Chittagong still ashore, as far as can be ascertained from ship's Agents now up for sale as she lies, the possibility of refloating looks extremely remote as ship is lying approx. $\frac{1}{2}$ mile from water at low tide.

All cargo has now been discharged and of the officers only the Master, 3rd Officer and 4th Engineer Officer remain on board.
