ing to information received  
office, this ship stranded  
W. of Chittagong on 31st  
1960. Prior to this stranding,  
report had stated that she would  
be sent to shipbreakers in Japan  
in November, 1960. In the circumstances,  
I require and kindly let me know  
what salvage operations have been  
carried out, and also whether after refloating,  
the ship will be broken up in India or will  
be sent to Japan for breaking up.
