### QUESTION

According to a report appearing in Lloyd's List on 23rd March, this ship, which is lying at Hornibrook's Wharf, Brisbane, has had her engine removed and is now being converted to a barge. I shall be glad if you will confirm this and also state whether she is to be disclassed.

### ANSWER

Date:— 13th April, 1961.

We enclose a letter dated 12th April, 1961, received from the Owners, from which it will be noted that she is being converted into a dumb gravel barge and that they wish to withdraw her from class. We would also add that we are at present carrying out a fire damage survey for Lloyd's Agents. The fire was sustained in the engine room during the current alterations.

Yours faithfully,

The Surveyors,
