Dear Mr. Derby,

The photographs which you kindly sent to us in the unhappy case of the steamer "CHARO" have been forwarded to the Bilbao Surveyors for educational purposes, and they have now returned them with a note to the effect that every effort will be made in future, especially in cases of old ships, to ensure that all rust etc., is removed at the time of a Special Survey.

I therefore return the photographs herewith, coupled with my thanks to you for drawing attention to this case.

I hope that the action we have taken ^{surveyors} will be to the benefit of all concerned in any future similar case.

Yours sincerely,

She
