12th June, 1936.

Dear Sirs,

E. With reference to your report No.24555 on the engine No.1453/54 made by Messrs. Machinefabriek Bolnes v/h Capellen for the motorship "LOOSDRECHT" (Messrs. Odense Skibsvaerft's Yard No.58), I shall be glad if you will state whether the starting air receiver was constructed under survey and, if so, the tensile strength of the material and the working pressure assigned.

At the same time I think it well to point out that the Yard Number of this vessel is 58, and not 50, as stated in your Rpt.4C.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
ROTTERDAM.
