Port C A R D I F F

26th January, 1959

This is to Certify that I have

surveyed the Steel Screw Steamer "EL GALLO", 8032 tons gross of

London, whilst lying afloat in Barry Dock on the 26th January,

1959 for the purpose of examining the vessel prior to her

being towed from Barry to Briton Ferry as a hulk for breaking up,

and that I have transmitted to the Committee of Lloyd's Register

of Shipping, London, a Report, as on the other side, stating

that all repairs ^{in my opinion} recommended by me have been completed to

my satisfaction. ~~the vessel is in a safe and efficient condition~~

for the intended voyage.
