LLOYD'S REGISTER OF SHIPPING

Port BELFAST.

5th September, 1961.

This is to Certify that I have

Part

examined the Boiler and Machinery of the S.S. "BALLYKIRK", 869

gross of BELFAST, as she lay afloat and in drydock for General

information for postponement of Special Survey and Main Boiler Survey,

that I have transmitted to the Committee of Lloyd's

Society of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

recommended that the record of M.B.S. 8.61

be made in the Register Book in the case of this vessel when

her Survey has been completed. and her Machinery Classification retained.

What was examined :-

I.P., and L.P., Cylinders, covers, pistons and rods, valves and gears.

Crankpin and bearings.

Engine driven air pump.

Hot and G/S. pump.

Engine.

Steering arrangements and steering machinery generally examined.

Water, sea connections and outside fastenings.

Royan K. Batten

(B.K. Batten). Engineer Surveyor to Lloyd's Register

issued upon the terms of the Rules and Regulations of the Society, which provide that:—
Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed,
and that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be
held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register
of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member
Surveyors, or other Officers or Agents of the Society."
