The Secretary,
LONDON.

Dear Sir,

m.s. "ANGLO MAERSK".

With reference to your classing letter dated the 20th instant regarding the above vessel, Gothenburg First Entry Report No.17082, I have to state that the gas boiler works as a heater in conjunction with one of the oil-fired boilers, and should be considered as an "Economiser". As desired an explanatory note will be stated on the First Entry Reports in future cases of this nature.

At the same time I enclose herewith the certificates covering the bronze propeller as well as the cast iron spare propeller for this vessel.

Yours faithfully,
THE SURVEYORS, Gothenburg

Anders Sjögren
