Dear Sirs,

M. Tanker "ANGLO MAERSK"  
Chief Engineer Surveyor's Records

It is observed from Lloyd's List that following an engine room explosion and fire on board the above vessel on the 23rd April, the vessel sank on the 28th April.

We would be very glad to receive any available information as to the cause and circumstances of this occurrence and perhaps, therefore, you will be good enough to make some enquiries of the Owners for us.

When replying, would you kindly mark your letter for the attention of the Chief Engineer Surveyor's Records.

Yours faithfully,

pro Secretary.

The Surveyors,  
COPENHAGEN.
