Dear Sirs,

M.S. "CASSIAN SEA"

(H).sn.(H)
With reference to the correspondence which took place between us dated the 26th February, 16th July and 18th July, I have to point out that the vessel did not come under the inspection of the Society's local Surveyors as advised. In the circumstances I shall be obliged to learn what further information is now available regarding the examination of Nos. 1 and 2 main engine cylinder covers, examination under working conditions of the repaired inboard generator governor and completion of the Donkey Boiler Survey.

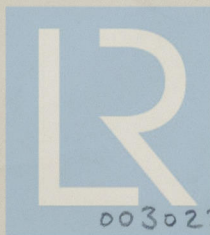

It will also be appreciated if you will let me know what arrangements are in hand for carrying out the Special Survey, as required by the end of December, 1958.

The Screwshaft Survey becomes due at the end of the present month.

Yours faithfully,

Clerk to the
Classification Committee.
