LONDON, E.C.3.

Dear Sirs,

m. t. "CASSIAN SEA".

Subject vessel is due to discharge a cargo of crude oil at the Isle of Grain refinery on the 23rd of this month, and we would kindly ask you to arrange for one of your Surveyors to attend this vessel, and carry out the outstanding survey work as outlined in your letter dated 26th February last.

We enclose herewith signed statement from the Chief Engineer of the vessel, certifying that the safety valves of the exhaust gas boiler were regulated at sea, and we would also advise you that the inbound generator governor was repaired and tested by the ships personnel.

Regarding examination of the main engine cylinder covers Nos. 7 and 8 (counting from aft), we shall instruct the Chief Engineer to put this work in hand and assist your Surveyor in every way possible.

Kindly acknowledge receipt of this letter in due course.

Yours faithfully,
for MARCOU & SONS (SHIPBROKERS) LIMITED

Superintendent Engineer.
