14 JUL 1943

Ship's Name "GLENBANK".

Official No. 147907.

Memorandum of alterations reported since ship was surveyed for assignment of Load Lines in

The discharge from the gunners washbasin and shower previously fitted below the second deck has been blanked off at shell.

Washbasin scupper now discharges above second deck. This discharge has been fitted with a storm valve and a gate valve controlled from an accessible position in washplace.

The shower discharge has been dispensed with, and water is cleared with a Rotary hand pump connected to Basin scupper.
