Oslo, 4th September, 1952.

Tollbugaten 27

(S)

Dear Sir,

I beg to acknowledge the receipt of your letter of the 29th ultimo, regarding the classification of a ship building for Messrs. H.M. Wrangell & Co. in Helsingborg.

I have endeavoured to obtain some information regarding the N.V. requirements for the stiffening of transversely framed tankers over 400 ft. in length and have been informed that printed instructions have not yet been issued. But I have been given to understand that their requirements will not be as extensive as this Society's and that the decks only will be required to be stiffened.

I shall, however, make further inquiries and hope to obtain more precise particulars of the N.V. requirements.

Yours faithfully,

The Surveyors,

Per. *Perde*

The Secretary,

London.
