"Broströmia," Packhusplatsen 6,

Gothenburg, 6th May, 1935.

Reference

F.

The Secretary,

LONDON.

Dear Sir,

Referring to the Convention ordinary cargo freeboards computed in the case of the motorship "FORMOSA", I beg to acquaint you that this vessel has arrived here to-day and the Owners have decided to convert her to the shelter deck type having a tonnage opening.

I shall therefore be glad if you will forward us by return of post by air mail the computation of the freeboards which can be assigned in this instance, together with a fresh Swedish freeboard certificate in triplicate.

The space for the gross tonnage should be left blank.

Full particulars will be forwarded you in due course on report Form C.11.

I am, Dear Sir,

Yours faithfully,

V. Bulow
