

14th June, 1948.

ST. JOHN'S. N.F.L.

3369 TEPFA ROVA. assigned a class of 9A- with notation of +LMC 2,48. It is not proposed to assign the figure "1" for equipment until the stream and kedge anchors have been replaced as required. I shall be obliged if you will furnish the overhaul length of the ship, the length of the poop and forecastle measured in accordance with Circular No. 1551, at the same time stating whether the windlass and steering gear have been tried under working conditions, as this information has been omitted from the report.
