Enclosure.

Dear Mr. Sladden,

s.s. "PAN".

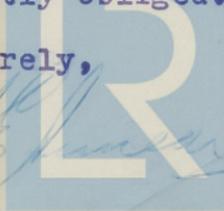

Enclosed herewith please find amended drill sheet for this vessel with the added thicknesses of poop, bridge and forecastle plates.

Owing to vessel not being gas free and further, owing to lack of labour the bilge and bottom shell plating were not drilled.

If the enclosed can be put in place of sheet sent forward on 12th. August last, I shall be greatly obliged.

Yours sincerely,

R.J. Sladden, Esq.,
