Dear Mr. Sladden,

Mr. Ventouris has requested that you be advised of the following:-

"Pennsylvania" now named "Pan" is expected to discharge at Dublin next month, and then proceed to Cammell Lairds for classing and freeboard.

He states the vessel is of the "Hamilton" Type - 2 deck standard ship built 1920. If we have plans for this type in the London Office he would like them forwarded to Liverpool.

Kindest regards,
Yours sincerely,

R.J. Sladden, Esq.,

LONDON.
