

Pontoon Barge "JAMES ROCKBREAKER", built by Messrs. J. Meyer
& Co. - Yard No. 562. Owners:- The James Dredging & Towage
Co.Ltd. Dimensions:- 100' x 28' x 8'

This vessel, which is a non-propelling pontoon
for the accommodation of rockbreaking machinery, has been
completed in Holland and is now at Southampton.

The Owners have now placed the following equipment
on board, and the Surveyors desire to be informed whether the
same could be approved for the figure "1".

Two anchors, each 8 cwt. ex stock.

Four " " 5 $\frac{1}{2}$ " " " .

420 fathoms of $\frac{3}{4}$ " short link chain

This equipment compares favourably with that supplied
to vessels of the same type and of similar dimensions, and is
submitted for the approval of the Committee.
