M.V. "CRESCENCE"

Hull F.E. Report No. 47324.

-----  
Outstanding Account..... £3:10:0Rendered to Messrs. Porn & Dunwoody, of Fleet Street  
London Agents for the Humboldt Deutzmotoren*informed*  
Messrs. Deutz Motoren ~~instructed~~ Messrs. Porn & Dunwoody  
*that they would* pay this amount on the 21st November, 1936 -  
in German - attached.I telephoned to Messrs. Porn & Dunwoody  
this afternoon and explained the case.Their representative thought that arrangements  
had been made for some other party to pay.I referred him to the instructions referred  
to above, and the Secretary's letter of the 27th  
November.I was assured that the matter would be fully  
investigated without delay, and provided everything was  
in order from their point of view, a cheque would be  
sent to us.I added that the Edition of the new edition  
of the Society's Register Book in which this vessel  
would appear is now in course of preparation and will be  
sent to press in a week or two. In these circumstances  
I hoped it would be possible for this small balance of  
fees to be paid so that the classification might be  
recorded, and the certificates issued.
