Mr. Arthur Stout  
c/o Todd Shipyards Corporation  
1 Broadway  
New York, N. Y.

Dear Mr. Stout: "TOMOGERUS"

In reply to your letter of the 6th April I wish to confirm having informed you on the telephone that the details for fitting eight (8) straps to the above vessel, in accordance with the Specification and plan forwarded, will be approved for this vessel, but that in the case of subsequent ships we should like the bottom straps to be 40.8 lbs. material instead of 35.1 lbs. as proposed.

As requested by you, we have informed the Galveston Surveyor regarding this approval.

For your further information, I have just ascertained that this vessel appears in the latest edition of this Society's Supplement with the notation "Classification Contemplated".

The drawing and Specification forwarded by you have been retained here pending receipt of the drawings which you are preparing.

Yours very truly
