J. Findlay, Esq.  
 Galveston.

Dear Sir:

S/S "TOMOGERUS" ex "Swan Island"  
Galveston Rpt. No. 4981.

With reference to the above Report it is noted that your recommendation reads "to remain, viz. LMC as at present", and it is not clear from records available in this office as to when, if ever, an LMC has been assigned to this vessel.

It would appear that the record of LMC (with date) when survey has been completed would have been more appropriate in this case.

Yours faithfully,

Surveyor to Lloyd's Register.
