Dear Sir,

M/S "CATO".

We duly received your letter of the 13th instant addressed to the Owners of the above vessel regarding the Screwshaft Survey.

We think it well to point out that the vessel was in collision, and sank, in Avonmouth on the 24th April, last, and has been declared a complete total loss.

Under the circumstances we return your letter and will advise you in due course should she be refloated.

Yours faithfully,

THE SURVEYORS
