The Second Special Survey No.3 became due in October last, and a proposal to commence it on the vessel's return to Genoa in November or December this year was agreed to by the Classing Committee on the 1st ultimo.

A letter has now been received from the Genoa Surveyors enclosing a copy of one from the Owners, in which they intimate that, for reasons of economy, they have decided not to maintain the vessel's classification with this Society.

The Classing Committee had the case before them on Friday, 25th ultimo, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
