The Secretary, [✓] 23 JUL 1942

WOKINGHAM.

Dear Sir,

m.v. "NICANIA",
Newcastle First Entry Report No.100491.

In reply to the enquiry contained in the Classing Letter of the 3rd instant, we beg to state that no water ballast is carried in double bottom tanks in the case of this vessel. The tank which in the sister vessels was used for piston cooling water in the present instance is used for lubricating oil.

We are, Dear Sir,
Yours faithfully,
THE SURVEYORS,
