17th October, 1930.

Dear Sir,

S. With reference to Glasgow Report No. 50737 on Messrs. Workman Clarkes Oil Engine Electric Generator Set No. 513, I have to inform you that a report has come to hand from the Society's Surveyors at Belfast from which it appears that this generator set has been satisfactorily fitted in the new motorship "TWEEDBANK", which vessel has this day been classed @100A1, with freeboard, Carrying vegetable oil in Deep Tanks and in Tanks between Tunnels, with notations of Lloyd's A & CP and @LMC 9,30 CL, Oil Engines. DB 120 lb.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

The Secretary,

GLASGOW.
