In July, 1958 the Owners stated that the surveys would be held at Leith Harbour, South Georgia during the closed season. In March, 1959 the Owners stated that no mail from South Georgia could be expected until the end of the present season.

The Owners state that the ship was out of commission last year and accordingly not put through survey. It is, however, stated that the ship is not to be used during the coming year and therefore no survey will be held. The year of grace for completion of the Special Survey expired on the 31st August, 1959.
