### QUESTION

With reference to the Special Survey which becomes due at the end of April, I shall be glad to learn what arrangements are proposed for this inspection to be carried out.

I take this opportunity to remind you that the Donkey Boiler Survey becomes due at the end of March and that the vessel's class is subject to the shell plating in A strake (P. & S) in way of spring hold being specially examined and dealt with as necessary by April.

### ANSWER

Date:— 6th March, 1962.

The Owners are not sure whether this ship will be required during the forthcoming Whaling Season.

In the meantime the ship is laid up and the Owners have stated that they will give a definite answer in about 4 weeks time.

Kindly advise the Freeboard Department of the foregoing.
