Sir,

In reply to your letter of the 23rd instant respecting Glasgow First Entry Report No. 41596 on the Steamer "BENREOCH", I beg to acquaint you that the Surveyor states that the amended size of the stiffeners on the forward bulkhead of the deep tank has been approved; that the thickness of the stiffeners on the bulkhead on frame No. 143 is as approved; and that the spacing of the frame rivets is 6" and 5½".

At the same time, I enclose herewith a letter from the Owners in regard to the bulkhead omission and regret that, through an oversight, this was not sent with the report.

I am, Sir,

Your obedient servant,

P. H. Warlow
