"Z"

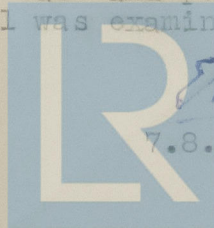

IT IS FURTHER SUBMITTED the Surveyors be requested to furnish the scantlings of the centre girder in the double bottom aft as this information has been omitted from the report.

Also they should confirm the scantlings of the uppermost continuous deck stringer angle, and the channel framing as reported, as these do not agree with those shown on the approved plans.

They should also furnish the last date and port of drydocking in view of their statement that the vessel was examined in dry dock.
