19th June, 1925.

Dear Mr. Chisholm,

I am in receipt of your letter of the 15th instant, in reference to the delays which have arisen in connexion with the despatch of reports to the Committee of surveys which have been held by the Society's Surveyors at Hamburg.

I am glad to hear that there are at present no outstanding first entry reports, and that you have spoken to all members of the Hamburg Staff regarding the necessity of keeping their reports up to date; but the Committee must look to you, as the Principal Surveyor responsible for the prompt carrying out of the Society's work, to see that arrangements are made to comply with the Committee's instructions in the matter of reporting surveys as in other matters.

Yours faithfully,

A. Chisholm, Esq.,

HAMBURG.
