4th May, 1925.

Dear Sirs,

I beg to confirm the following telegrams which have passed between us today, viz:-

SENT.

"STADVLAARDINGEN we find that Hamburg Surveyors
"recommended dry docking as a precautionary measure
"rendered desirable by local conditions and in
"accordance with long established practice".

RECEIVED.

"STADVLAARDINGEN arrived today awaiting with loading
"on explication why docking prescribed cannot understand
"why docking when nothing has occurred and when some-
"thing has occurred why Lloyds Surveyor does not mention
"it to us because now unnecessary costs by waiting".

As your telegram was sent off before the receipt of mine, and therefore crossed it, I await your reply in due course.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. Halcyon Lijn,
Postbox 837,
Veerkade 5,
ROTTERDAM.
