4th May, 1925.

Dear Mr. Leeuwenburg,

I send herewith copies of correspondence (telegrams and letters) which has taken place regarding the recommendation of the Society's Surveyors at Hamburg that the Steamer "STAD VLAARDINGEN" should be dry docked after launching, and I shall be glad if you will kindly arrange to call upon the Owners, viz. the Halcyon Lijn, and explain the position to them, as set forth in the correspondence in question.

Yours faithfully,

R. Leeuwenburg, Esq.,

ROTTERDAM.
