Dear Sirs,

s.s. "Empire Shearwater"

We apologise for the delay in acknowledging your letter of the 5th instant.

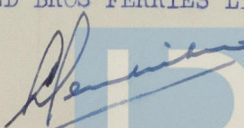

As writer explained at the time we are negotiating a very important contract carrying heavy oil equipment to the Spanish Sahara.

Our clients now wish to load the vessel in Houston (Texas) and discharge on the coast of the Spanish Sahara (Rio de Oro). The contract will be for probably 2 round voyages with a possibility for further employment.

We would ask if the Committee will agree to amend the trading limits to include this envisaged employment, providing always that the outstanding surveys prove satisfactory.

We would further ask to be informed if, for this intended service, any major structural alterations might be required.

Yours faithfully,  
TOWNSEND BROS FERRIES LIMITED
