Hull subject:- See endorsement 9.3.60.
Machinery subject:- See Newport News Report No. 8112.

...onements
...dy agreed

In 1.60 the class was made subject to midship deep tank top plating being examined and dealt with as found necessary on arrival at Valparaiso.

...proposal

x/ML

The Owners stated in a letter dated 23.7.60 that the ship would be at San Antonio on the 25th July, at which time the emergency fire pump would be installed. The ship would then be trading on the coast for a period of about one month, after which the Engine Survey would be completed. The Valparaiso Surveyor states that the hull condition of class will again be brought to the Owners' attention when he attends on board. The ship has not yet appeared under survey by the Valparaiso Surveyor.

Ship nearly 45 years old.

Await further information.
