LONDON.

Dear Sir,

We have your letter dated the 21st instant returning plans in connection with the oil fuel installation proposed for the s.s. "KIRUNA" and with reference to the remarks in the fourth paragraph thereof we have to state that the detail hull structural plans dealt with in this Office indicate that part of the bulkhead on frame 66, which was removed on a previous occasion, has been retained as a support for the deck girders.

Yours faithfully,

THE SURVEYORS, Gothenburg
