

"K I R U N A"

IT IS SUBMITTED the Surveyors be informed
that it is noted on the plans of Pumping Arrangements
that it is proposed to remove ^aW.T. Bulkhead on 66 Frame.
Due to the removal of this bulkhead, the deck supports
in ~~wing~~ ^{way} would require to be examined, and it is assumed
this will be done in the Gothenburg Office.

16th November, 1950.
