Dear Sirs,

(H)

S.S. "KING EDGAR"

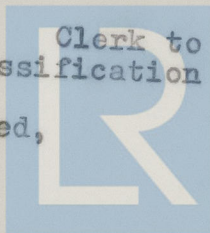

With reference to the classification in this Society's Register Book, the Society's Surveyors at Liverpool recommended in December last that the fuel tank remote control valves should be examined and tested before the end of the present month.

In the circumstances I shall be glad to learn what arrangements are proposed to be made for this matter to receive attention.

Yours faithfully,

Clerk to the  
Classification Committee.
