1st August, 1958.

Lloyds Register of Shipping,
 71, Fenchurch Street,
 London, E.C.3.

Dear Sirs,

"King Edgar"

We have to thank you for your letter of the 30th ultimo, from which we are pleased to observe that provided a satisfactory general examination is carried out at Liverpool this month, with special attention to conditions of class, there will be no objection to the Special Survey being deferred until September, 1959.

Regarding the grounding which took place in the River Plate recently, we have to confirm that a special examination regarding this will also take place at Liverpool.

We are obliged for the information which you give regarding the subjects affecting the class of this vessel, together with the record of sheerstrake plate No.1 and doubling (p.s.f.) indented, and note that this is not a condition of class.

It is noted from your letter that the main boilers will become due to be Surveyed at the end of December.

We are very much obliged for the favourable consideration which you have given to this matter.

Yours faithfully,
 FOR KING LINE LIMITED
