Dear Sir,

M.S. "ELENI "

With reference to your letter of the 29th March, 1963 we wish to state that the chain cables were not ranged, as the owners stated the vessel was proceeding to Japan where it had been sold for scrap and the survey was for three months only to cover this voyage.

We regret that our date was recommended as 2,62 and not 2,63.

Yours faithfully,

The Secretary,
London.

London.
The Secretary,

and not 5'03.

We regret that our date was recommended 5 months only to cover this voyage.
It had been only for 20 days and the owners argued the vessel was to be used for 20 days to state that the charter party was not issued, as when reference to your letter of the 5th March, 1963

Dear Sir,

"W. S. WILSON"
