Dear Sirs,

Steamer "ELENI"

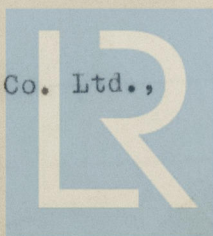

I acknowledge the receipt of your letter of the 26th January and, in reply, am pleased to say that the Committee will be agreeable to the overdue Special Survey being deferred until the vessel is released from her present time charter on the understanding that this inspection will be taken in hand early in April, 1961.

I would take this opportunity to remind you of my letter of the 25th March, 1960, giving particulars of a number of machinery parts requiring inspection for postponement of the Special Survey. The majority of those items has still not been reported as having been seen and, as they were last examined well over four years ago, you will appreciate they must receive attention without fail when the vessel next comes under survey. at the end of March, 1961.

Yours faithfully,

Submitted for favourable consideration
